

Brighton Golf Course Stormwater Harvesting Project

July 2017

Work is continuing strongly to complete Council's \$2.95 million stormwater harvesting project at Brighton Golf Course. The drier than average winter has been very beneficial for the project delivery. The work will see around 86 megalitres of water diverted from the stormwater system each year that will be naturally treated and used to water both the Brighton Golf Course and areas of Dendy Park.

Work to date

- Excavation of Lakes 1 and 2 is completed. Topsoil and gabion installation is now underway.
- The construction of Lake 3 is nearing completion.
- The construction of the 2 rain gardens is underway.
- The installation of all the pipes for the underground water storage (East end of Practice Fairway) is completed. Once the concrete pits at each end of the storage is installed, the site can be backfilled and the Practice fairway reshaped and grassed.
- The removal of material to the fill site mound off South Road is completed. The site is now being shaped to its final profile in preparation for replanting with grass.
- The turtles appear to have settled well in their temporary accommodation.

Completion date

Council is continuing to work towards a completion date of the end of September 2017 (weather permitting)

Leisure Management Services update

The weather gods have been good to us and the Storm water harvesting project is in full swing with no delays. The new dam in front of the 11th tee is currently being dug and will provide an exciting challenge for all golfers once back in play.

The old pine tree area is now being re-mounded and shaped to look much more attractive than the old forest. With the clearing of the trees a lot more daylight will get into that corner of the course which will help with the grass growth on the 7th tee and drainage around the 6th green.

With the improved practice facilities golfers have been making the most of the short game area. Our coaches have had some great success stories from their clients winning numerous club comps! So get you game in shape and book in an improvement session soon. All lessons provide video analysis and allow you access to view your swings at home or on your phone.

We are currently offering the following special if you have never had a lesson at Brighton before:

Pay for a ½ hour and receive an hour for your 1st lesson at Brighton. Save \$65

We also have numerous clinic options if you prefer a group environment:

Seniors Clinics - \$25 per session

Monday and Friday, 9am–10am

Beginner Clinics - \$125

4 Week program

Wednesday 2pm or Saturday 9am

Transition Clinics - \$140

4 Week program

Wednesday 3pm or Saturday 12noon

Brighton is also excited to announce our new phone app. The app allows you to view all the information on the golf course, make online bookings, whilst also receiving messages when we have specials and events. Download the app at the app store by searching for 'Brighton Golf Course'.

Happy Golfing!
